CHALLENGER ST

SERVICE BODY

The STAHL ChallengerST II Service Body (CST) is a rugged, highly versatile tool box on wheels. Its sleek exterior design includes full-height, lockable compartment doors; fully concealed door hinges and hidden drip-rails - standard features that enhance your company's image while protecting your tools and equipment from theft and the elements. Constructed of heavy gauge, powder coated Galvanneal steel, CST II bodies feature a minimum 44 cu. ft. of secure, sealed storage space. With a wide array of optional equipment including drawers, hooks, ladder racks, and more, you can easily configure the ChallengerST II to meet your specific application needs.

STRONG & DURABLE
Lock-bolt construction provides exceptional strength and durability at the same time eliminating the need for any cutting, welding and grinding which can allow corrosion to start

HIGH SECURITY/LOW MAINTENANCE
Fully hidden door hinges enhance security while their bolt-on design makes them maintenance-friendly

Body shown with optional
Recessed Lighted Bumper
and Aluminum Fuel Fill

PROTECTION FOR VALUABLES
Keyed-alike locks on each compartment door keep valuables secure. Optional, push-pull bar locks with padlock tabs can also be added to provide a second level of security

LONG LASTING GOOD LOOKS
The service body exterior, compartment interiors and cargo area surfaces are finished in durable, corrosion-resistant white powder coat

Covered by STAHL's 5-year limited warranty

Full-height doors with large clear openings allow quick, convenient access to tools and equipment

Fully hidden bolt-on hinges offer maximum security while making repairs fast and easy
