THE NEW WESTERN® SNOWPLOW CONTROL CUP HOLDER MOUNT

Put a hard stop to juggling cell phones and snowplow controls. Functional and practical, the new WESTERN Snowplow Control Cup Holder Mount lets you secure your WESTERN plow controls or your smartphone on a flexible mount for optimal, customizable positioning. And this compact, easy-to-install genuine WESTERN accessory is designed to function seamlessly with your WESTERN controls.

PRODUCT FEATURES

- Includes flexible gooseneck cup holder mount and adjustable mount attachments for hand-held plow controls, joystick plow controls and all types of smart phone devices
- Easy to install—cup holder mount adjusts to fit firmly into most sizes of cup holders in your vehicle
- Snowplow control and smart phone attachments adjust to secure controls and phones tightly in place
- 360-degree rotation and flexible gooseneck allows for optimum positioning

MORE JOBS. **DONE FASTER.**
